Welcome!

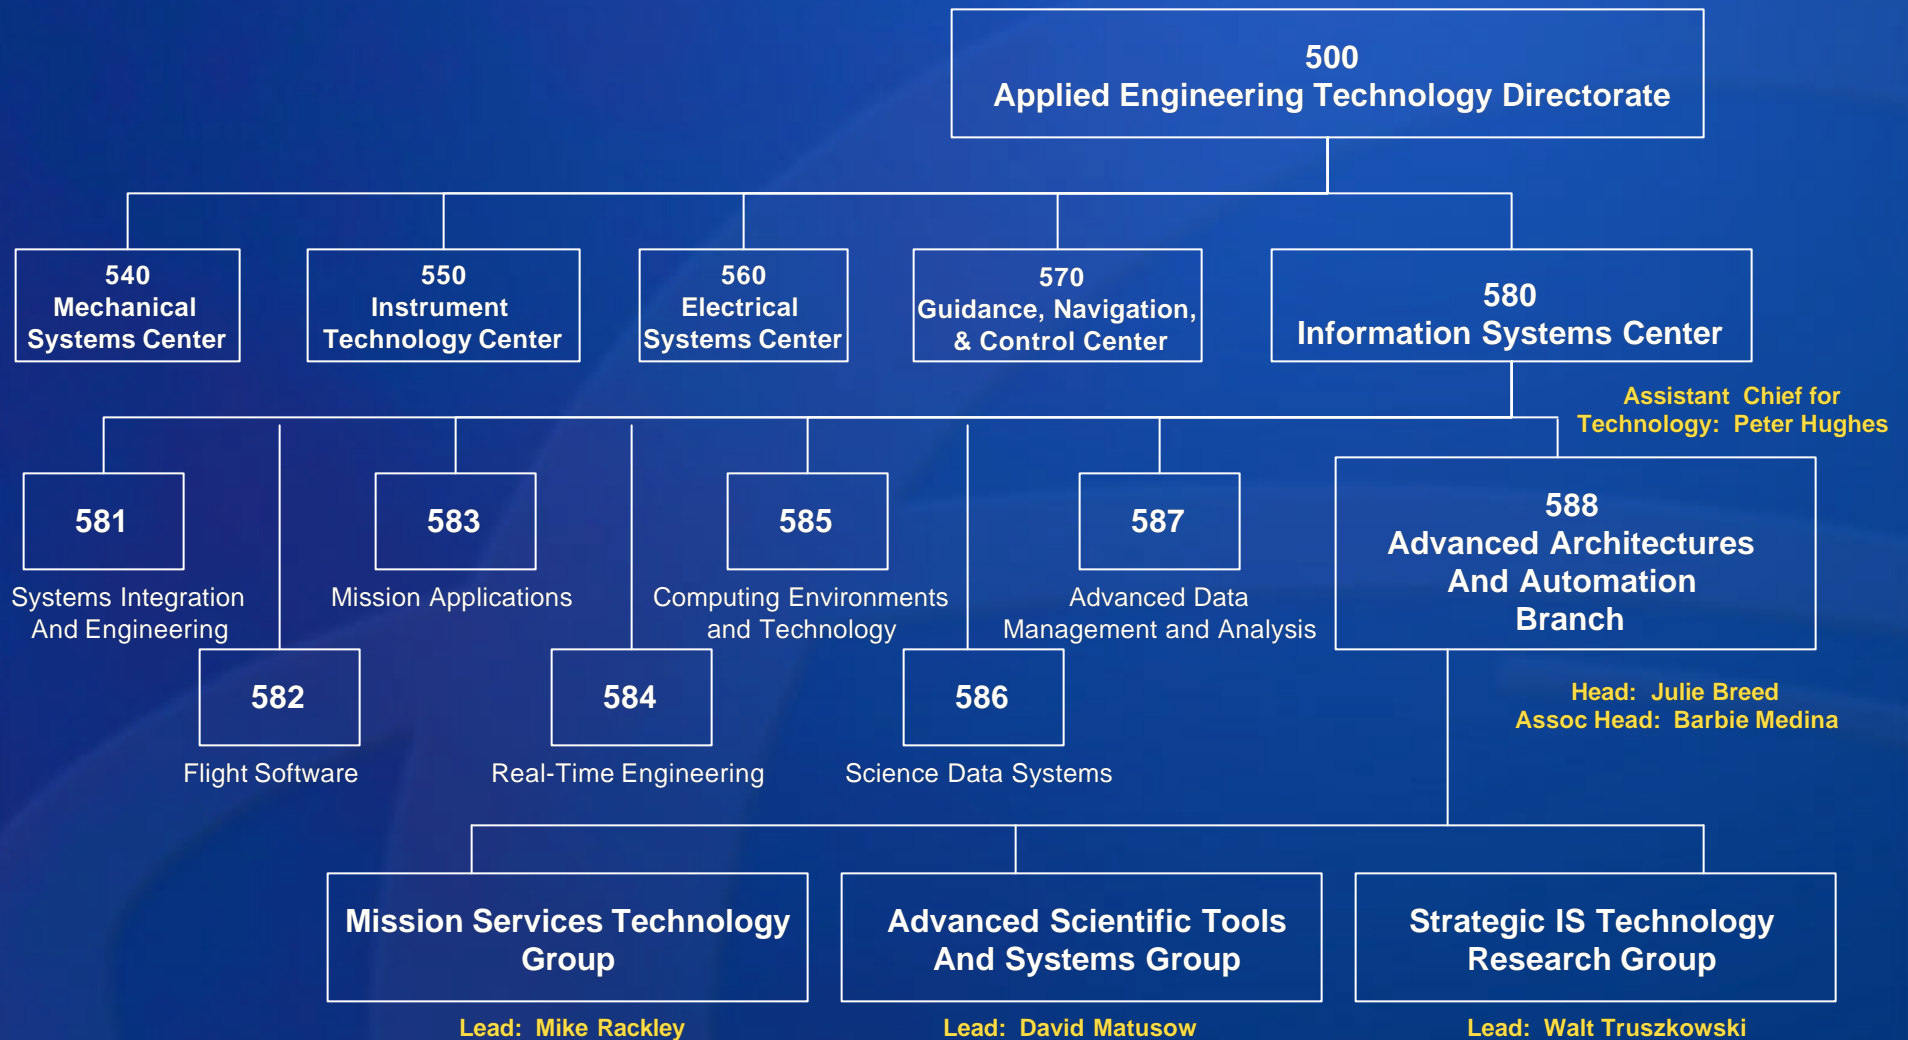

February 1, 2001

Code 588/University Collaboration Workshop

NASA / GSFC

Goddard Space Flight Center

Workshop Objectives

- ✍ Match the research interests of the participating universities with those of Code 588 researchers and projects
- ✍ Identify potential partners and teaming arrangements for upcoming NASA Research Announcements
- ✍ Identify interested professors and graduate students for summer faculty and resident research associate appointments
- ✍ Identify students for co-op and summer intern appointments
- ✍ Your goals for the day?
